ACH DR PROCESSING:

- For any bank is having pending files, you need to login into the Gateway by using the Gateway option in ACH or by using below URL.

<https://nach.npci.org.in/gw/MainTree.do>

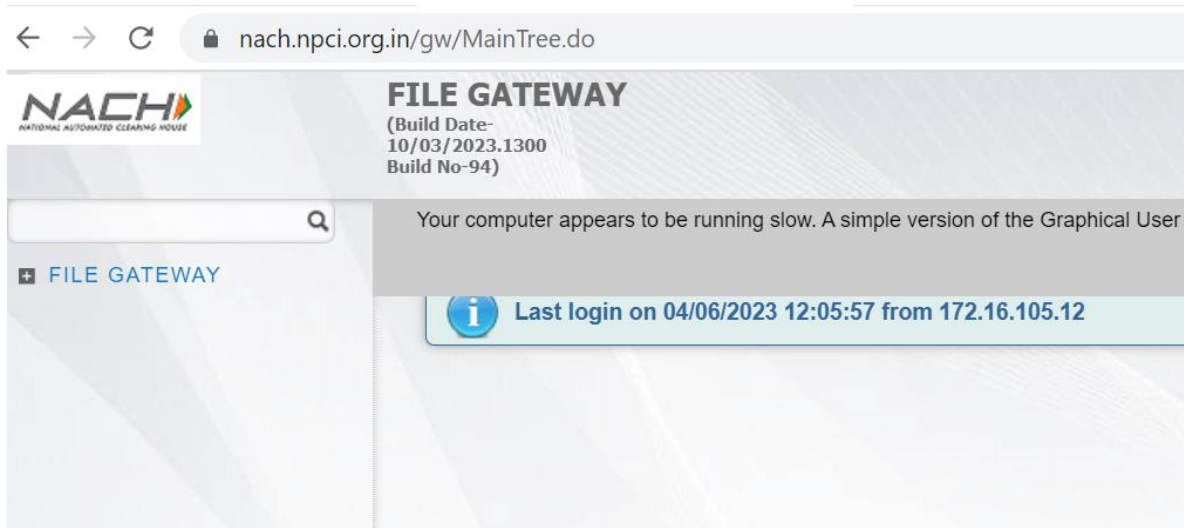

→ nach.npci.org.in/gw/j_security_check

- After clicking the option, you get the above link in another tab. In that link you need to **Remove** the **j_security_check** from the above link and click on **Enter**.

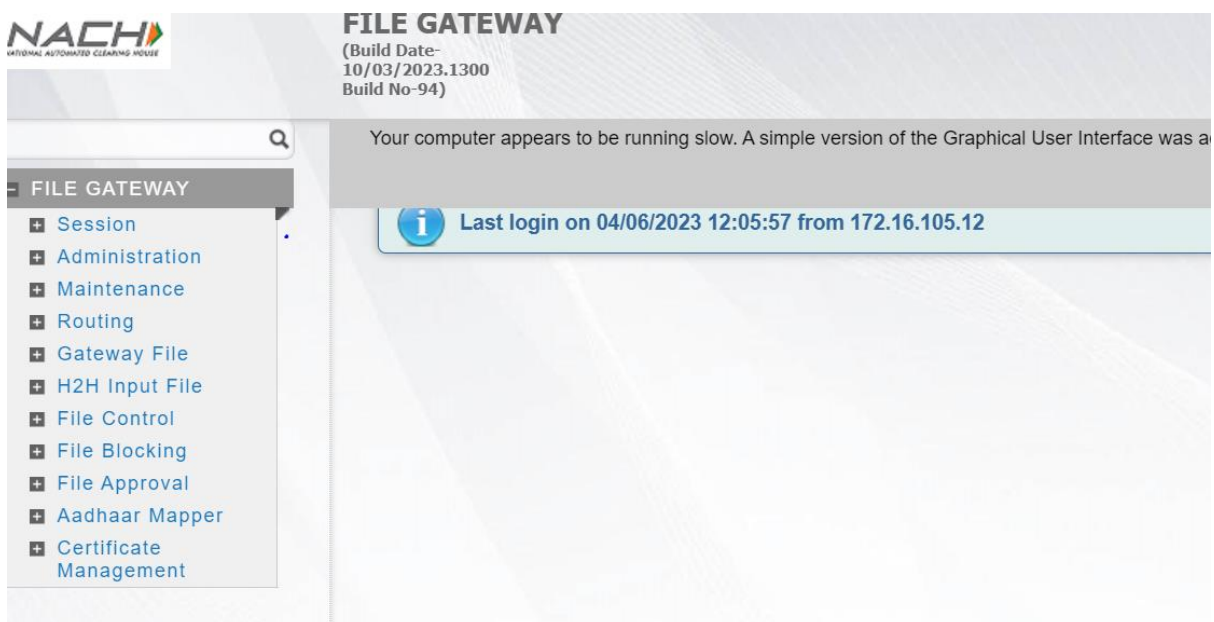

➤

NOTE: If you are getting **j_security_check** option in the URL you need to Remove the same and Enter. Then only it will allow you to access the page.

➤ Then the page will appear as below.

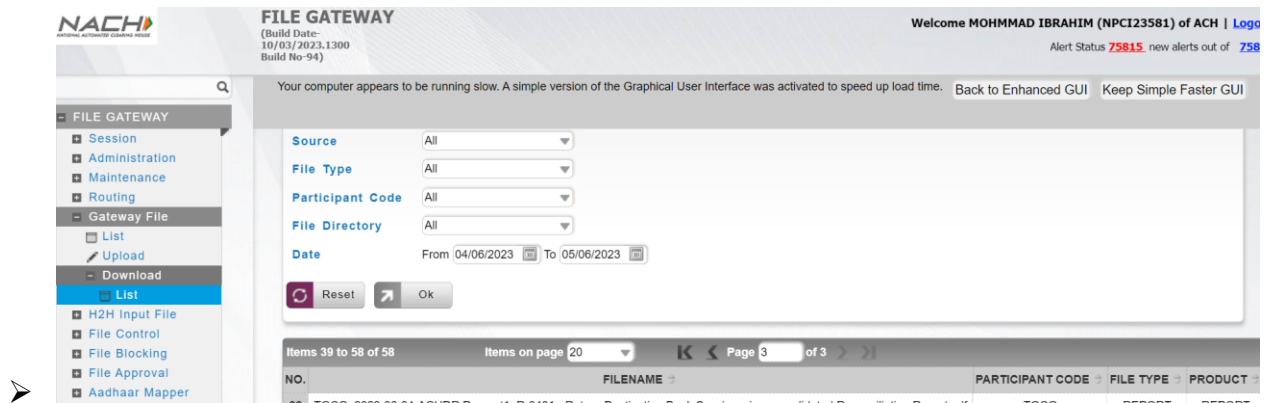

➤ Click on **FILE GATEWAY** option you will find the below options as like below.

➤ Click on Gateway File option to Download & Upload the file.

➤ Click on **Download → List** from there, you will the NACH file pending list.

- Download the file from the above option and decrypt the file with your signing tool. After that check the details in your CBS and process the file as per the file format.

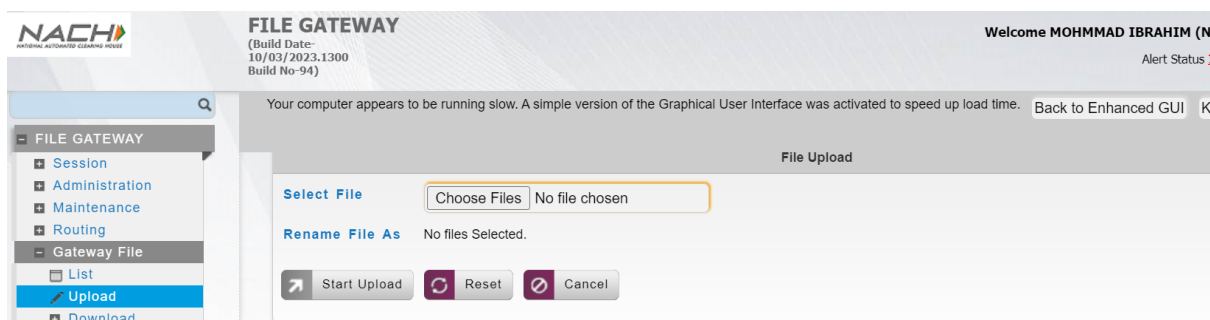

INWARD FILE FORMAT:

ACH-DR-BANK CODE-04062023-TPZ000000286-P3C3-INW.txt

RETURN FILE FORMAT:

ACH-DR-BANK CODE-BANK MAKER ID-04062023-TPZ000000286-RTN.txt

- Bank has to prepare and Encrypt the file by using encryption tool (provided by vendor) and prepare the file in below format. upload the response file in Gateway by using **Gateway file → upload** option

- Click on **Choose Files** option and **Start Upload**.
- If the uploaded file is correct and proper in format, it will be moved to the **APPROVER** option.

- Then You need to login to ACH with your **Checker Id** and **Approve** the same by using below options.

ACH → ROUTING → FILES → OPERATIONS → APPROVE

- Click on OK, you will get the Response file for approval and then click on **ACCEPT**.
- After Accepting the file, check the ACK (Acknowledgement) that whether File got Accepted or not by using below options.

NO.	TYPE	DIR.	FILENAME	STATUS	BUSINESS DATE	VALUE DATE	DEBTOR	CREDITO
1	Input Debit File	Out	ACH-DR-TGCG-04062023-TPZ000000286-P3C3-INW.txt	Sent	04/06/2023	04/06/2023	NPCIINBB	IBKL0172
2	batch.NDR.label	In	ACH-DR-TGCG-TGCGHAN01-04062023-TPZ000000286-RTN.txt	Accepted	04/06/2023	04/06/2023	IBKL01720GU	NPCIINBE
3	Debit Validation File	Out	ACH-DR-TGCG-TGCGHAN01-04062023-TPZ000000286-RTN-ACK.xml	Sent	04/06/2023	04/06/2023	NPCIINBB	IBKL0172

- In above image, the status of the file is showing as ACCEPTED it means file get Accepted.

- If you're not getting the same in the Front end (ie; ACH) you need to check the same in Gateway.

NOTE: The same Steps need to be followed for ACH CR & APB CR.
