

NACH Settle Nxt User Management Manual

1.1 User Management

The User Management module allows for the creation and modification of user roles within the bank.

1.1.1 Roles & Responsibilities:

- **NPCI:**

Creates a Bank Administrator for each bank during onboarding in NACH Settle Nxt

1.1.2 Bank Administrator:

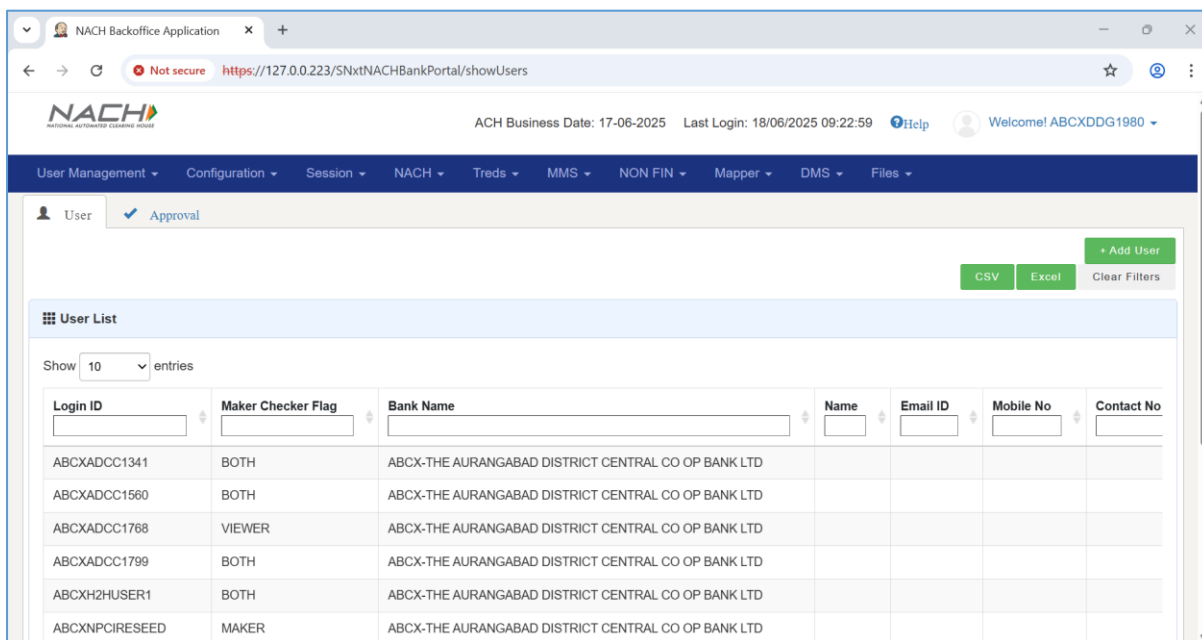

- Creates additional **Bank Users** (Maker and Checker profiles).
- Responsible for internal user role management.

1.1.3 NPCI:

Reviews and **approves creation/modification** of users upon document verification.

1.1.4 User Creation Navigation:

User Management→User→Add User→Mandatory details to be captured→Submit. User will be sent for approval.

The screenshot shows the NACH Backoffice Application interface. The top navigation bar includes 'User Management', 'Configuration', 'Session', 'NACH', 'Treds', 'MMS', 'NON FIN', 'Mapper', 'DMS', and 'Files'. The 'User' tab is selected, and the 'Approval' status is indicated. The 'User List' table displays a list of users with columns for Login ID, Maker Checker Flag, Bank Name, Name, Email ID, Mobile No, and Contact No. The table shows 6 entries, with the first 5 being 'ABCXADCC' users and the last one being 'ABCXNPCIRESEED'.
